

International Entry Requirements.

The table below is a general guide to the entry requirements for students from European Union and International countries. The entry requirements displayed are the minimum requirement and may vary according to factors such as the course applied for, the subjects previously studied and the content of an application as a whole. To allow for this variation, where possible, the entry requirements below are displayed as a range of scores. If you have qualifications above those stated in the table, then you may be eligible for 2nd year entry.

Our English Language requirements for your country can be found at:

<http://www.swansea.ac.uk/admissions/englishlanguage/requirements/>

If you have a recognised foundation programme from your country, or the UK (e.g. INTO, WISC, NCUK), then you may be eligible for entry on to the 1st Year of a degree at Swansea University.

If do not meet the minimum entry requirements, then you may be eligible for a foundation degree at Swansea University, or our partner college ICWS, <http://www.icws.navitas.com/>.

Please submit an application online at

<http://www.swansea.ac.uk/international/students/apply/ontrack/> and we will contact you with a decision.

Country	Qualification	Minimum Score
